SATURDAY JUNE 27 * HAZEN ROAD CELEBRATION AT CABOT PLAINS

For those that are interested in getting a look at a section of the road and hearing more about its possibilities this big doings is a must. Dinner will be served out-of-doors and a number of items will be on exhibit as well as several padgents.

We will leave the library at 10:30 Saturday. COME ALONG.

CRYSTAL LAKE PICNIC AND SWIM - This is a family affair, share the SATURDAY JULY 11 ^{is (a change)} expense outing.

Plenty to eat if you get your reservation in to Doris Farnsworth so she can stock up on the food. We leave at 8 o'clock so be on time.

SO FAR A PRETTY GOOD HIKING SEASON

We have had some good hikes (of course we could always use more hikers) so far with the weather cooperating. The Camels Hump, Nichols ledge and Mt. Mansfield trips were excelent although the rain did get the Mt. Mansfield group before they got back to their cars.

Mr. Amadon is taking a group of young people from the nose to Bolton on Thursday June 25th. GOOD LUCK.

While the interest is holding there may be interest in scheduling additional hikes sooo we are open for suggestions. If only three or four are interested - you set the date and we will help spread the word around.

TRAIL CLEARING AND STERLING POND SHELTER WORK

Harland Farnsworth, John Willey, Clarence Amadon, & Dave, Howard Bloom and Harry Jay spent Saturday the 20th fighting the flies at the Sterling shelter and managed to get things in shape. Repairs were made to the stove, roof and walls. Another day will be required in order to put things in final shape. Any Volunteers???

Our section of the Long Trail seems to be in good shape along with the Elephants Head trail. Our section is from Smugglers Notch to Chilicok pass.

REMINDER - Doris has Long Trail patches and Handbooks for those who haven't picked them up. Also she will order Auto emblems
