

# GREEN MOUNTAIN CLUB

(MONTPELIER SECTION)

FALL SCHEDULE 1960

September 24-25 OVERNIGHT TO BUTLER LODGE

Butler Lodge is a sightly lodge on the west side of Mt. Mansfield. There is a short and easy hike in. This will be a good chance to find out whether you would enjoy the overnights. Little equipment is necessary; not even a sleeping bag, really; blankets will do. Why not go along and try it? Roioli Schweiker will go anyway - contact her at GL 4-7283.

October 2 (Sun.) SCRAG MOUNTAIN

An easy half-day trip to a sightly mountain. Fred Larsen, who has recently reeclared the trail on the Northfield side, will lead the trip. Leave the Kellogg-Hubbard Library at 1:00 p.m.

October 7, 8 p.m. An evening of slides, doughnuts and cider, at the home of Miriam Fitts, 116 College Street. Come and be sociable.

October 15 (Sat.) MT. HUNGER AND THE WORCESTER RANGE

Camp Winooski of Plainfield is cutting a trail along the summits of the Worcester Range, something that has long needed doing. Steve Mann has been in charge and will lead the trip. It will be possible for those who wish, to climb Hunger and come down directly. Others may continue along the ridge. This should be a good day to see Montpelier's nearest mountains! Leave the Kellogg-Hubbard Library at 9:00 a.m.

October 21 (Fri.) We are planning a public showing of the Appalachian Mountain Club's film "Mountain Holiday", in the Memorial Room of City Hall, at 8 p.m. (if we can get the film for this date - if not, some other time in October or November - watch the Times-Argus for verification of date). This is a film on mountain safety - with a positive approach. A fine film for Scouts (High School), trip leaders, or anyone interested in safe travel in our Eastern Mountains. There will be more on this later. Please be ready to help us publicize this as a service to the community.

October 23 (Sun.) A BIT OF THE HAZEN ROAD

This trip was rained and snowed out last fall. Let's try again. The research to locate and mark the old military road was largely done by Marc McCorison, a former Montpelier member. This section would be about five miles over and back. Cars could also be spotted at one end to make a one-way trip possible. Doris Newton in charge. Leave the Kellogg-Hubbard Library at 1:30 p.m.

October 29 (Sat.) SMUGGLER'S NOTCH TO BEAVER MEADOW

It is the responsibility of the Montpelier Section to maintain this section of the Long Trail. Let's get over our own ground this year. It will be about 6 miles, with car spotting at the Beaver Meadow end. Anyone wanting to stop off for an over-night stay at Stirling come along, too. Leader to be announced. Leave the Kellogg-Hubbard Library at 9:00 a.m.

Do let us see you on as many of the fall events as you can manage. Try to interest some of your friends in the Club, too. Meanwhile, "Thanks to the Corn Roast Committee for a job well done!"
